General Information

What to expect?

The WBF Italy is a great opportunity to photograph bodypainting, facepainting and even costumes with creative make-up in the **beautiful old town of Sterzing/Vipiteno**.

On the **1st of July**, there is an amazing full-day **workshop** with a creative team of **Tobias Spranger, Lora Tulchinski and Anna Barendregt**, together with beautifully styled models. The workshop is already selling out fast, so don't wait too long if you want to join. On the **2 and 3 July 2027**, you can photograph **the World Championships in Camouflage and Facepainting**, as well as the **Creative Bodypainting Jam Sessions**. The Camouflage competition is especially interesting for photographers, as it's a unique art form where the artists paint their models to blend into the streets and surroundings of the town.

The **Photo Ticket** gives photographers access to **special photo areas**, an exclusive photo zone for Facepainting and the Jam Session, plus priority positions for Camouflage photography. There will also be a **guided Photowalk** with **Tobias Spranger** and styled models. Only 15 Photo Tickets are available.

It is a great chance to get to meet the artists and models, meet other photographers and create new images for your portfolio.

The narrow alleys, ancient towers, and cozy cafés turn the town into an open-air gallery, where each corner becomes part of the artwork. This unique combination of history, nature, and culture makes Sterzing/Vipiteno the ideal location for a competition where the human body merges with the environment.
