UPDATES FROM THE WORLD OF BODYPAINTING

New design, new structure - our website shines in new splendor!

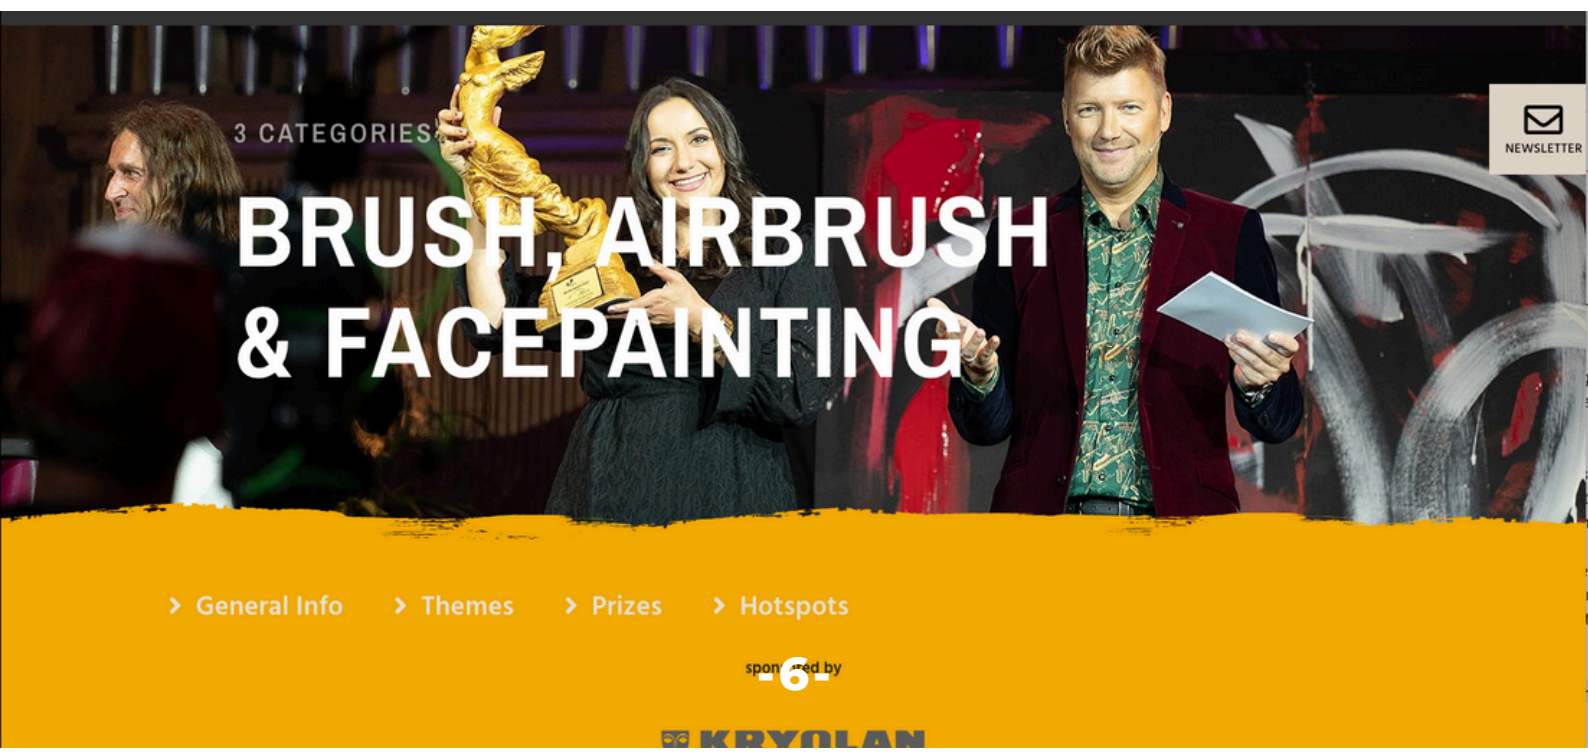

Our website bodypainting-festival.com has been redesigned to make it even easier for you to find your way around.

Instead of a central festival in one place, from 2025 we will be taking our **colorful community on a journey**: full of art, culture and creative encounters in some of the most inspiring places in the world.

What's special:

In future, the world championships will take place throughout the year and one world champion title will continue to be awarded per category. We are working on new host cities.

NEW DESIGN, NEW STRUCTURE - OUR WEBSITE SHINES IN NEW SPLENDOR!

We are pleased to present you the completely redesigned version of bodypainting-festival.com!

With the relaunch, we have revised the entire structure to make it **quicker and easier for you to find the content** that interests you.

What's new?

Clearer navigation: All events, competitions and information about the WBF series are now more clearly arranged - regardless of whether you are a participant, photographer, partner or fan.

Focus on events: Each station of the new WBF format has its own subpage with all the important information - from the schedule to registration.

Latest news & highlights: In the new news section, we will keep you up to date on a regular basis - so that you don't miss any deadlines or program changes.

Take a look now and discover the new world of WBF online:
We look forward to your feedback!
